10100 NE Prescott St., Suite 147, Maywood Park, OR 97220

Greetings~

Last August, the City of Maywood Park started holding events again. Hopefully, COVID numbers continue to fall and the state doesn't go back into a "State of Emergency", allowing us to continue. Some of our beloved events haven't been held for two years and have been greatly missed.

On the back of this message you will find just a few of the events planned for 2022. Those with \*\* will have more detailed information forthcoming.

I encourage you to check the city website [www.cityofmaywoodpark.com](http://www.cityofmaywoodpark.com), city Facebook page or Friends of Maywood Park Facebook page often for added events and updates on current postings. The city website is a wealth of information.

Please watch your mail in the coming weeks for information on WasteWater meetings. Whether or not to hook up to Portland Sewer will be on the November ballot.

If you are interested in volunteering, please email the city office ([office@cityofmaywoodpark.com](mailto:office@cityofmaywoodpark.com)) and get added to our volunteer list.

We look forward to seeing you.

~ Mayor Montross

## MCSO CASE SERVICE ONLINE REPORTS

March 28, 2022

Well we made it through winter and spring is here. In exciting news at the Sheriff's Office our Case Service online reporting has officially launched and I wanted to share some of the details with you.

Online reporting is simply a convenient option for reporting non-emergency situations. Please continue to use 911 to report emergencies and remember you can still contact non-emergency (503-823-3333) if you prefer to have a deputy dispatched to take a report. The following is a list of criminal events that are suitable for online reporting:

- Lost or missing property (excluding prescription medication, firearms, or license plates)
- Theft, with no known suspects (excluding firearms, explosives or motor vehicles)
- Damaged property with no known suspects
- Vandalism to a vehicle
- Theft of vehicle parts (excluding lost or stolen license plates)
- Check forgery or fraud
- Identity theft
- Illegal use of a credit or debit card
- Fraud: Confidence games or scams
- Hit-and-run incidents to property or vehicles (not involving injury)
- Non-custody theft/shoplifting reports (for businesses only)
- To add additional property to a previously reported incident (please reference the original case number; example, 2022-12345)

With that being said MCSO's Case Service online application is web-based and accessed using any internet browser. Links are available on the Sheriff's Office website, [www.mcso.us](http://www.mcso.us). On the home page you will see a large banner that says, "Click here to file a police Report". Once you click the banner you will be given two options. One to file a Hit & Run crash involving your vehicle or property, where no one was injured, and one for the remaining report types listed above.

[Click Here To File A Hit and Run Report](#)

Regardless of the selection you will begin the report by manually entering the location where the event happened or by dragging the pin on the map. You will be asked to create a PIN number and provide a phone number before the system assigns a unique access code for the report.

## MCSO CASE SERVICE ONLINE REPORTS

To continue a previous submission, please enter the required details below.

Telephone Number

Access Code

4 Digit PIN

← BACK      NEXT →

If the session is interrupted or stopped after receiving the access code, you can return to the site, use the *Continue a Report* button to continue where you left off.

You may use the *Report Status* button at any time for an update on your submitted report. You will need your PIN number and Access code in either of these circumstances.

You will receive a Case Service reference number at the conclusion of a successful submission. An actual police report number will be assigned after the report submission is reviewed and approved. You will receive an email with the actual police case number.

If you need to provide a number to your insurance company please make sure you provide the actual police report number and not the reference number. Additionally you will need the actual police report number to add additional information to your case, or when discussing the report with our records unit.

You may use online reporting to add additional information to your case, regardless of how you initially reported it, by beginning a new report and selecting *Supplemental Report* to continue.

Harassment or Threats   Lost Property   Supplemental Report

Suspicious Activity   Theft of Property   Theft of Services   Trespassing

Hopefully this brief tutorial is helpful in navigating the MCSO Case Service Online Reporting System. Please remember that online reporting is only an option and you can still contact non-emergency dispatch to speak directly with a deputy either in person or by phone

Respectfully,

Lieutenant Doug Asboe

Maywood Park Chief of Police
