Notice Regarding Residential Building Inspections From the City of Troutdale

The City of Troutdale, which has our City of Maywood Park building inspections contract, has implemented a change in operational protocol with regards to residential inspections due to the COVID-19 public health response.

The Building Inspectors will not be going in to occupied homes. (i.e. where anyone is currently living, even if they might not be present or at home for the inspection.) The reason for this is concern for the health of both the homeowners and the inspectors. The Building Inspectors will still be doing Residential inspections by working with contractors to get pictures or video, or possibly Facetime with them to make sure any critical systems are approvable.

If it is a non-critical system, then we are asking the contractors to reschedule in 30 days. Contractors, please make sure we have your phone number for Residential inspections so the Inspector can call ahead.
