

Message from the Mayor~

True to his word, Victor Sanders reached out today. PP&R is updating their website, as well as their Friends at Gateway Green, with new information. They are also ordering signs they will place near the entrances to the park (Gateway Green). They will make them available to be installed near the multi-use path as it enters Maywood Park or along the parking area. He said once the signs arrive, we can discuss more on placement.
