The purpose of the supplemental budget meeting is to receive public comment on the proposed change to the fiscal year 2020/2021 budget expenditures for the Storm Drain Reserves Fund due to an occurrence or condition that was not ascertained when preparing the original budget for the current fiscal year, for which the original budget was adopted, and that requires a change in financial planning.

The supplemental budget for the Storm Drain Reserves Fund is needed for additional expenditures due to the unforeseen circumstances of the failure and repair work needed at one of the storm drains/drywells located at the southeast corner of Campaign Street and 99<sup>th</sup> Avenue.
